## Overview

I am a proficient frontend developer with expertise in **React.js**, skilled in **building dynamic, responsive web interfaces** and **reusable components**. Experienced in optimizing performance, state management, and integrating modern tools for seamless user experiences while ensuring **effective communication** and teamwork to meet project goals.

## Education

**Central University of Haryana**

Nov 2021 – June 2025

*Bachelor of Technology in Computer Science*

- CGPA : 7.9

## Skill Summary

- **Languages** : Html, CSS, JavaScript, TypeScript, Python, C++.
- **Libraries** : ReactJS, Redux, RestAPI, Material UI, Bootstrap, Tailwind, Axios.
- **Tools** : NPM, Yarn, Vite, GitHub, Firebase, OpenAI API.
- **Soft Skills** : Excellent communication, Troubleshooting, Team Management, Decision Making.

## Experience

**ReactJs Developer**

Feb 2024 – May 2024

*Doozy Infotech* [Certificate](#)

- Contributed to agile development cycles by participating in sprint planning, daily stand-ups, and code reviews.
- Implemented state management using Redux and Context API for efficient data flow and state updates and reduce traffic by 20%.
- Worked extensively with React.js, JSX, HTML5, CSS3, JavaScript (ES6+), and Tailwind CSS

**Web Developer Intern**

Ranchi, Jharkhand

*Heavy Engineering Corporation(HEC)* [Certificate](#)

July 2023 – Aug 2023

- Designed and crafted an interactive website prototype for Heavy Engineering Corporation (HEC), enhancing workflows, streamlining updates, and improving overall usability with modern, user-centric design principles.
- Created a modern and responsive User Interface (UI) using tools like Figma for design and HTML5, CSS3, and JavaScript for frontend development.

## Projects

**Valify**

[Project Link](#)

- Elevated a financial analytics platform tailored for small businesses by leveraging ReactJS and Firebase, delivering insightful business intelligence.
- Developed dynamic data visualizations and integrated advanced secure authentication, enhancing user engagement and safeguarding data integrity.

**Nimbus**

[Project Link](#)

- Engineered an intelligent chatbot application powered by ReactJS and the OpenAI API to streamline form-filling workflows.
- Seamlessly integrated interactive input validation and real-time user guidance, delivering exceptional accuracy and an intuitive user experience.

**Restaurant Landing Page**

Dec 2024

*Freelancing*

- Modernized UX/UI design, leading to a 15% higher conversion rate with React.js and Tailwind CSS, emphasizing clean design and user-friendly navigation

## Achievements

**GDS CP Lead:** Increased event participation by 40% as GDS CP Lead.

**Bazar Crafter Event** : Secured 3rd place in a Stock based event organized in the university.

**Advik Event Organizer:** Organized intra-college competitions, boosting awareness by 25%.
